

JUNIOR SAILING PROGRAM

For more than 50 years, the Agamenticus Yacht Club has taught the basics of sailing, seamanship and safe conduct on the water. The AYC Junior Sailing Program focuses on safety, enjoyment and knowledge of sailing. Sailing class meets rain or shine and include instruction on water safety, kayaking, rowing, knot tying, nautical rules and terms and sailboat rigging. Occasional field trips and inter-club racing activities add variety and excitement to the program.

The AYC Sailing Program is available to children ages 8 to 18. Instruction takes place in York Harbor, on the York River and in adjacent ocean waters. All junior sailors receive personal evaluations at the end of their session.

STAFF

AYC has a highly trained staff of US Sailing Certified Instructors. The staff is sensitive to each child's needs and promotes respect for the water and a love for sailing. Class size is limited and coached and supervised by multiple instructors, assuring both safety and fun.

SAILING FLEET

AYC has five classes of sailboats. Optimist Dinghies are safe, dry and simple sailing prams ideal for teaching new sailors. JY-15's are used for double-handed sailing. Club 420's, Lasers, and J-22's allow more advanced sailors to hone their skills.

SAILING CLASSES FOR ALL AGES & ABILITIES

CLIPPERS (AGES 8 to 10)

Beginning sailors learn about and become comfortable with boats. The curriculum includes learning fundamental nautical terms, parts of the boat, rigging, finding wind direction, learning to steer with a tiller, water safety, knot tying, and an introduction to local harbor knowledge.

SCHOONERS: (AGES 9 to 11)

For young sailors who may have some previous sailing experience. The curriculum allows sailors to further develop their understanding of the river and ocean while improving their sailing and kayaking fundamentals including rigging, boat handling, landing and departing the dock, points of sail, reading the weather, seamanship, and water safety.

CUTTERS (AGES 10 to 13)

This class is designed for intermediate sailors who want to refine their sailing skills. Curriculum builds on the sailing fundamentals learned in the Clipper and Schooner classes but focuses on sailing in more sailing conditions and points of sail. This class allows students to gain experience in single-handed and double-handed boats.

GALLEONS (AGES 12 to 15)

This class is for sailors who are interested in learning a range of sailing skills including: introduction to navigation, rules of the road, anchoring, mooring and docking techniques, knot tying and splicing. The Galleons class will sail a variety of boats. The Galleons class is for those sailors that want to continue to expand their sailing skills.

RACING TEAMS

Race Team instruction is designed for junior sailors with demonstrated sailing ability at the intermediate or advanced levels. Instructional content focuses on the development of skills necessary for competitive racing. Shore-based classroom instruction and on-the-water practice drills focus on race tactics, maneuvers and strategy.

OPTIMIST and 420 RACE TEAMS

Racing Safety - Racing Terminology - Rules of Racing - Sail Trim and Boat Handling for Speed - Starting Tactics - Mark Rounding Strategies - Roll Tacking - Spinnaker Handling - Competitive Spirit and Team Play - Inter-club Regattas

Our **Optimist Race Team** (Ages 10-15) is designed for intermediate or above sailors with a maximum recommended weight of 110 pounds. For increased skill development, Opti Race Team members are encouraged to combine Opti Race Team enrollment with sailing class instruction.

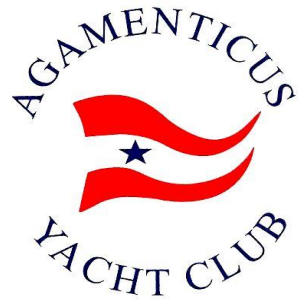

Our **420/Laser Race Team** (Ages 13-18) is for the older and more experienced sailor. A minimum weight of 110 pounds is recommended.

Both Opti and 420/Laser Race Team members will additionally participate, on a rotating basis, in MIRC inter-club racing each Wednesday in July and part of August. The team will also compete in a number of regional regattas.
